2. The Parties understand that the GATT 1994 rights and obligations incorporated by paragraph 1 prohibit, in any circumstances in which any other form of restriction is prohibited, export price requirements and, except as permitted in enforcement of countervailing and antidumping orders and undertakings, import price requirements.

3. In the event that a Party adopts or maintains a prohibition or restriction on the importation from or exportation to a non-Party of a good, nothing in this Agreement shall be construed to prevent the Party from:

(a) limiting or prohibiting the importation from the territory of the other Party of such good of that non-Party; or

(b) requiring as a condition of export of such good of the Party to the territory of the other Party, that the good not be re-exported to the non-Party, directly or indirectly, without being consumed in the territory of the other Party.

4. In the event that a Party adopts or maintains a prohibition or restriction on the importation of a good from a non-Party, the Parties, on request of the other Party, shall consult with a view to avoiding undue interference with or distortion of pricing, marketing and distribution arrangements in the other Party.

 - (a) the restriction does not reduce the proportion of the total export shipments of the specific good made available to the other Party relative to the total supply of that good of the Party maintaining the restriction as compared to the proportion prevailing in the most recent 36-month period for which data are available prior to the imposition of the measure, or in such other representative period on which the Parties may agree;
 - (b) the Party does not impose a higher price for exports of a good to the other Party than the price charged for such good when consumed domestically, by means of any measure, such as licenses, fees, taxation and minimum price requirements. The foregoing provision does not apply to a higher price that may result from a measure taken pursuant to subparagraph (a) that only restricts the volume of exports; and
 - (c) the restriction does not require the disruption of normal channels of supply to the other Party or normal proportions among specific goods or categories of goods supplied to the other Party.
2. The Parties shall cooperate in the maintenance and development of effective controls on the export of each other's goods to a non-Party in implementing this Article.

3. Where an exporting Party considers that a non-Party is exporting an agricultural good to the territory of the other Party with the benefit of export subsidies, the importing Party shall, on written request of the exporting Party, consult with the exporting Party with a view to agreeing on specific measures that the importing Party may adopt to counter the effect of any such subsidized imports. During the period before January 1, 2003, if the importing Party adopts the agreed-upon measures, the exporting Party shall refrain from applying, or immediately cease to apply, any export subsidy to exports of such good to the territory of the importing Party.

4. Until January 1, 2003, should a Party introduce or re-introduce a subsidy on exports of an agricultural good, the other Party may increase the rate of duty on such exports up to the applied most-favoured-nation tariff in effect at that time.

- (a) a non-conforming provision of any existing measure;
- (b) the continuation or prompt renewal of a non-conforming provision of any existing measure;
or
- (c) an amendment to a non-conforming provision of any existing measure to the extent that the amendment does not decrease its conformity with Article C-01.

2. The Party asserting that paragraph 1 applies to one of its measures shall have the burden of establishing the validity of such assertion.

(a) Any measure related to the listing of wine and distilled spirits of the other Party shall

- (i) conform with Article C-01,
- (ii) be transparent, non-discriminatory and provide for prompt decision on any listing application, prompt written notification of such decision to the applicant and, in the case of a negative decision, provide for a statement of the reason for refusal,
- (iii) establish administrative appeal procedures for listing decisions that provide for prompt, fair and objective rulings,
- (iv) be based on normal commercial considerations,
- (v) not create disguised barriers to trade, and
- (vi) be published and made generally available to persons of the other Party;

(i) maintain or introduce a measure limiting on-premise sales by a winery or distillery to those wines or distilled spirits produced on its premises, and

(ii) maintain a measure requiring existing private wine store outlets in the provinces of Ontario and British Columbia to discriminate in favour of wine of those provinces to a degree no greater than the discrimination required by such existing measure;

Existing Measures¹¹

1. Canada may maintain with the United States of America the Agreement Concerning Automotive Products between the Government of Canada and the Government of the United States of America, signed at Johnson City, Texas, January 16, 1965 and entered into force on September 16, 1966, in accordance with Article 1001, and Article 1002(1) and (4) (as they refer to Annex 1002.1, Part One), and Annex 1002.1, Part One (Waivers of Customs Duties) of the Canada - United States Free Trade Agreement, which provisions are incorporated into and made a part of the NAFTA for such purpose.

2. For greater certainty, the differences in treatment pursuant to paragraph 1 shall not be considered to be inconsistent with Article G-03 (Investment - Most-Favoured-Nation Treatment).

Annex C-00-B

Textile and Apparel Goods

Section 1: Scope and Coverage¹

1. This Annex applies to the textile and apparel goods set out in Appendix 1.1.
2. In the event of any inconsistency between this Agreement and the WTO Agreement on Textiles and Clothing or any other existing or future agreement applicable to trade in textile or apparel goods, this Agreement shall prevail to the extent of the inconsistency, unless the Parties agree otherwise.

Section 2: Duty-free Treatment of Certain Goods

The Parties may identify at any time particular textile and apparel goods that they mutually agree fall within:

- (a) hand-loomed fabrics of a cottage industry;
- (b) hand-made cottage industry goods made of such hand-loomed fabrics; or
- (c) traditional folklore handicraft goods.

The importing Party shall grant duty-free treatment to goods so identified, if certified by the competent authority of the exporting Party.

Section 3: Bilateral Emergency Actions (Tariff Actions)²

1. Subject to paragraphs 2 through 5 and during the transition period only, if, as a result of the reduction or elimination of a duty provided for in this Agreement, a textile or apparel good originating in the territory of a Party, or a good that has been integrated into the WTO and entered under a tariff preference level set out in Appendix 5.1, is being imported into the territory of the other Party in such increased quantities, in absolute terms or relative to the domestic market for that good, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing a like or directly competitive good, the importing Party may, to the minimum extent necessary to remedy the damage or actual threat thereof:

- (a) suspend the further reduction of any rate of duty provided for under this Agreement on the good; or
- (b) increase the rate of duty on the good to a level not to exceed the lesser of

(i) the mostfavourednation (MFN) applied rate of duty in effect at the time the action is taken, and

(ii) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement.

2. In determining serious damage, or actual threat thereof, the Party:

(a) shall examine the effect of increased imports on the particular industry, as reflected in changes in such relevant economic variables as output, productivity, utilization of capacity, inventories, market share, exports, wages, employment, domestic prices, profits and investment, none of which is necessarily decisive; and

(b) shall not consider changes in technology or consumer preference as factors supporting a determination of serious damage or actual threat thereof.

3. A Party shall deliver without delay to the other Party written notice of its intent to take such action, and on request shall enter into consultations with that Party.

4. The following conditions and limitations apply to any emergency action taken under this Section:

(a) no action may be maintained for a period exceeding three years or, except with the consent of the Party against whose good the action is taken, have effect beyond the expiration of the transition period;

(b) no action may be taken by a Party against any particular good originating in the territory of the other Party more than once during the transition period; and

(c) on termination of the action, the rate of duty shall be the rate that, according to the Schedule for the staged elimination of the tariff, would have been in effect one year after the initiation of the action, and beginning January 1 of the year following the termination of the action, at the option of the Party that has taken the action

(i) the rate of duty shall conform to the applicable rate set out in that Party's Schedule to Annex C-02.2, or

(ii) the tariff shall be eliminated in equal annual stages ending on the date set out in that Party's Schedule to Annex C-02.2 for the elimination of the tariff.

5. The Party taking an action under this Section shall provide to the other Party mutually agreed trade liberalizing compensation in the form of concessions having substantially

equivalent trade effects or equivalent to the value of the additional duties expected to result from the action. Such concessions shall be limited to the textile and apparel goods set out in Appendix 1.1, unless the Parties otherwise agree. If the Parties are unable to agree on compensation, the exporting Party may take tariff action having trade effects substantially equivalent to the action taken under this Section against any goods imported from the other Party. The Party taking the tariff action shall only apply the action for the minimum period necessary to achieve the substantially equivalent effects.

Section 4: Bilateral Emergency Actions (Quantitative Restrictions)

1. A Party may take bilateral emergency action against non-originating textile or apparel goods of the other Party in accordance with this Section and Appendix 4.1.
2. If a Party considers that a non-originating textile or apparel good, including a good entered under a tariff preference level set out in Appendix 5.1, is being imported into its territory from the other Party in such increased quantities, in absolute terms or relative to the domestic market for that good, under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing a like or directly competitive good in the importing Party, the importing Party may request consultations with the other Party with a view to eliminating the serious damage or actual threat thereof.
3. The Party requesting consultations shall include in its request for consultations the reasons that it considers demonstrate that such serious damage or actual threat thereof to its domestic industry is resulting from the imports of the other Party, including the latest data concerning such damage or threat.
4. In determining serious damage, or actual threat thereof, the Party shall apply Section 3(2).
5. The Parties shall begin consultations within 60 days of the request for consultations and shall endeavour to agree on a mutually satisfactory level of restraint on exports of the particular good within 90 days of the request, unless the Parties agree to extend this period. In reaching a mutually satisfactory level of export restraint, the Parties shall:
 - (a) consider the situation in the market in the importing Party;
 - (b) consider the history of trade in textile and apparel goods between the Parties, including previous levels of trade; and
 - (c) seek to ensure that the textile and apparel goods imported from the territory of the exporting Party are accorded equitable treatment as compared with treatment accorded like textile and apparel goods from non-Party suppliers.³
6. If the Parties do not agree on a mutually satisfactory level of export restraint, the Party requesting consultations may impose annual quantitative restrictions on imports of the good from the territory of the other Party, subject to paragraphs 7 through 13.

7. Any quantitative restriction imposed under paragraph 6 shall be no less than the sum of:

(a) the quantity of the good imported into the territory of the Party requesting consultations from the other Party, as reported in general import statistics of the importing Party, during the first 12 of the most recent 14 months preceding the month in which the request for consultations was made; and

(b) 20 per cent of such quantity for cotton, manmade fibre and other non-cotton vegetable fibre good categories, and six per cent for wool good categories.

8. The first period of any quantitative restriction imposed under paragraph 6 shall begin on the day after the date on which the request for consultations was made and terminate at the end of the calendar year in which the quantitative restriction is imposed. Any quantitative restriction that is imposed for a first period of less than 12 months shall be prorated to correspond to the time remaining in the calendar year in which the restriction is imposed, and the prorated amount may be adjusted in accordance with the flexibility provisions set out in Appendix 4.1.

9. For each successive calendar year that the quantitative restriction imposed under paragraph 6 remains in effect, the Party imposing it shall:

(a) increase it by six per cent for cotton, man-made fibre and non-cotton vegetable fibre textile and apparel goods, and by two per cent for wool textile and apparel goods, and

(b) accelerate the growth rate for quantitative restrictions on cotton, man-made fibre and non-cotton vegetable fibre textile and apparel goods as required by the WTO Agreement on Textiles and Clothing,

and the flexibility provisions set out in Appendix 4.1 apply.

10. A quantitative restriction imposed under paragraph 6 before July 1 in any calendar year may remain in effect for the remainder of that year, plus two additional calendar years. Such a restriction imposed on or after July 1 in any calendar year may remain in effect for the remainder of that year, plus three additional calendar years. No such restriction may remain in effect beyond the transition period.

11. Neither Party may take an emergency action under this Section with respect to any particular textile or apparel non-originating good against which a quantitative restriction is in effect.

12. Neither Party may adopt or maintain a quantitative restriction under this Section on a particular textile or apparel good that otherwise would be permitted under this Annex, if that Party is required to eliminate such measure under the WTO Agreement on Textiles and Clothing.

13. Neither Party may take a bilateral emergency action after the expiration of the transition period with respect to cases of serious damage, or actual threat thereof, to domestic industry arising from the operation of this Agreement except with the consent of the other Party.

Section 5: Special Provisions

Appendix 5.1 sets out special provisions applicable to certain textile and apparel goods.

Section 6: Definitions

For purposes of this Annex:

average yarn number, as applied to woven fabrics of cotton or man-made fibres, means the average yarn number of the yarns contained therein. In computing the average yarn number, the length of the yarn is considered to be equal to the distance covered by it in the fabric, with all clipped yarn being measured as if continuous and with the count being taken of the total single yarns in the fabric including the single yarns in any multiple (folded) or cabled yarns. The weight shall be taken after any excessive sizing is removed by boiling or other suitable process. Any of the following formulas can be used to determine the average yarn number:

$$N = \frac{BYT}{1,000 Z'} \quad \frac{100T}{Z} \quad \text{BT} \quad \text{or} \quad \frac{ST}{10}$$

when:

N is the average yarn number,
B is the breadth (width) of the fabric in centimetres,
Y is the metres (linear) of the fabric per kilogram,
T is the total single yarns per square centimetre,
S is the square metres of fabric per kilogram,
Z is the grams per linear metre of fabric, and
Z' is the grams per square metre of fabric.

Fractions in the resulting "average yarn number" shall be disregarded;

exporting Party means the Party from whose territory a textile or apparel good is exported;

flexibility provisions means the provisions set out in Appendix 4.1;

importing Party means the Party into whose territory a textile or apparel good is imported;

integrated into the WTO means subject to the obligations of the WTO Agreement;

specific limit means a level of exports for a particular textile or apparel good that may be adjusted in accordance with Appendix 4.1;

square metres equivalent (SME) means that unit of measurement that results from the application of the conversion factors set out in Appendix 5.2 to a primary unit of measure such as unit, dozen or kilogram;

tariff preference level (TPL) means a mechanism that provides for the application of a customs duty at a preferential rate to imports of a particular good up to a specified quantity, and at a different rate to imports of that good that exceed that quantity;

transition period means the six-year period beginning on the date of entry into force of this Agreement;

wool apparel means:

(a) apparel in chief weight of wool;

(b) woven apparel in chief weight of manmade fibres containing 36 per cent or more by weight of wool; and

(c) knitted or crocheted apparel in chief weight of manmade fibres containing 23 per cent or more by weight of wool;

wool fabric means:

(a) fabric in chief weight of wool;

(b) woven fabric in chief weight of man-made fibres containing 36 per cent or more by weight of wool; and

(c) knitted or crocheted fabric in chief weight of man-made fibres containing 23 per cent or more by weight of wool; and

WTO Agreement on Textiles and Clothing means the Agreement on Textiles and Clothing which is part of the WTO Agreement.

Flexibility Provisions

1. Adjustments to annual specific limits (SLs), may be made as follows:

(a) the exporting Party may increase the SL for a calendar year by no more than six per cent ("swing").

(b) in addition to any increase of its SL under subparagraph (a), the exporting Party may increase its unadjusted SL for that year by no more than 11 per cent by allocating to such SL for that calendar year (the "receiving year") an unused portion ("shortfall") of the corresponding SL for the previous calendar year ("carryover") or a portion of the corresponding SL for the following calendar year ("carryforward"), as follows:

(i) subject to subparagraph (iii), the exporting Party may utilize carryover, as available, up to 11 per cent of the unadjusted SL for the receiving year,

(ii) the exporting Party may utilize carryforward charged against the corresponding SL for the following calendar year, up to six per cent of the unadjusted SL for the receiving year,

(iii) the combination of the exporting Party's carryover and carryforward shall not exceed 11 per cent of the unadjusted SL in the receiving year, and

(iv) carryover may be utilized only following confirmation by the importing Party that sufficient shortfall exists. If the importing Party does not consider that sufficient shortfall exists, it shall promptly provide data to the exporting Party to support that view. Where substantial statistical differences exist between the import and export data on which the shortfall is computed, the Parties shall seek to resolve these differences promptly.

Chapter D

Rules of Origin

Article D-01: Originating Goods

Except as otherwise provided in this Chapter, a good shall originate in the territory of a Party where:

- (a) the good is wholly obtained or produced entirely in the territory of one or both of the Parties, as defined in Article D-16;
- (b) each of the non-originating materials used in the production of the good undergoes an applicable change in tariff classification set out in Annex D-01 as a result of production occurring entirely in the territory of one or both of the Parties, or the good otherwise satisfies the applicable requirements of that Annex where no change in tariff classification is required, and the good satisfies all other applicable requirements of this Chapter;
- (c) the good is produced entirely in the territory of one or both of the Parties exclusively from originating materials; or
- (d) except for a good provided for in Chapters 61 through 63 of the Harmonized System, the good is produced entirely in the territory of one or both of the Parties but one or more of the non-originating materials that are used in the production of the good do not undergo a change in tariff classification because
 - (i) the good was imported into the territory of a Party in an unassembled or a disassembled form but was classified as an assembled good pursuant to Rule 2(a) of the General Rules for the Interpretation of the Harmonized System, or
 - (ii) the heading for the good provides for and specifically describes both the good itself and its parts and is not further subdivided into subheadings, or the subheading for the good provides for and specifically describes both the good itself and its parts,

provided that the regional value content of the good, determined in accordance with Article D-02, is not less than 35 per cent where the transaction value method is used, or is not less than 25 per cent where the net cost method is used, and that the good satisfies all other applicable requirements of this Chapter¹.

Article D-02: Regional Value Content

1. Except as provided in paragraph 5, each Party shall provide that the regional value content of a good shall be calculated, at the choice of the exporter or producer of the good, on

the basis of either the transaction value method set out in paragraph 2 or the net cost method set out in paragraph 3.

2. Each Party shall provide that an exporter or producer may calculate the regional value content of a good on the basis of the following transaction value method:

$$\text{RVC} = \frac{\text{TV} - \text{VNM}}{\text{TV}} \times 100$$

where

RVC is the regional value content, expressed as a percentage;

TV is the transaction value of the good adjusted to a F.O.B. basis; and

VNM is the value of non-originating materials used by the producer in the production of the good.

3. Each Party shall provide that an exporter or producer may calculate the regional value content of a good on the basis of the following net cost method:

$$\text{RVC} = \frac{\text{NC} - \text{VNM}}{\text{NC}} \times 100$$

where

RVC is the regional value content, expressed as a percentage;

NC is the net cost of the good; and

VNM is the value of non-originating materials used by the producer in the production of the good.

4. The value of non-originating materials used by the producer in the production of a good shall not, for purposes of calculating the regional value content of the good under paragraph 2 or 3, include the value of non-originating materials used to produce originating materials that are subsequently used in the production of the good².

5. Each Party shall provide that an exporter or producer shall calculate the regional value content of a good solely on the basis of the net cost method set out in paragraph 3 where:

(a) there is no transaction value for the good;

(b) the transaction value of the good is unacceptable under Article 1 of the Customs Valuation Code;

(c) the good is sold by the producer to a related person and the volume, by units of quantity, of sales of identical or similar goods to related persons during the six-month period immediately preceding the month in which the good is sold exceeds 85 per cent of the producer's total sales of such goods during that period;

(d) the good is

(i) a motor vehicle,

(ii) identified in Annex D-03.1 and is for use in a motor vehicle, or

(iii) provided for in subheading 6401.10 through 6406.10;

(e) the exporter or producer chooses to accumulate the regional value content of the good in accordance with Article D-04; or

(f) the good is designated as an intermediate material under paragraph 10 and is subject to a regional value-content requirement.

6. If an exporter or producer of a good calculates the regional value content of the good on the basis of the transaction value method set out in paragraph 2 and a Party subsequently notifies the exporter or producer, during the course of a verification pursuant to Chapter E (Customs Procedures), that the transaction value of the good, or the value of any material used in the production of the good, is required to be adjusted or is unacceptable under Article 1 of the Customs Valuation Code, the exporter or producer may then also calculate the regional value content of the good on the basis of the net cost method set out in paragraph 3.

7. Nothing in paragraph 6 shall be construed to prevent any review or appeal available under Article E-10 (Review and Appeal) of an adjustment to or a rejection of:

(a) the transaction value of a good; or

(b) the value of any material used in the production of a good.

8. For purposes of calculating the net cost of a good under paragraph 3, the producer of the good may:

(a) calculate the total cost incurred with respect to all goods produced by that producer, subtract any sales promotion, marketing and after-sales service costs, royalties, shipping and packing costs, and non-allowable interest costs that are included in the total cost of all such goods, and then reasonably allocate the resulting net cost of those goods to the good;

(b) calculate the total cost incurred with respect to all goods produced by that producer, reasonably allocate the total cost to the good, and then subtract any sales promotion, marketing and after-sales service costs, royalties, shipping and packing costs and non-allowable interest costs that are included in the portion of the total cost allocated to the good; or

(c) reasonably allocate each cost that forms part of the total cost incurred with respect to the good so that the aggregate of these costs does not include any sales promotion, marketing and after-sales service costs, royalties, shipping and packing costs, and non-allowable interest costs,

provided that the allocation of all such costs is consistent with the provisions regarding the reasonable allocation of costs set out in the Uniform Regulations, established under Article E-11 (Customs Procedures - Uniform Regulations)3.

9. Except as provided in paragraph 11, the value of a material used in the production of a good shall:

(a) be the transaction value of the material determined in accordance with Article 1 of the Customs Valuation Code; or

(b) in the event that there is no transaction value or the transaction value of the material is unacceptable under Article 1 of the Customs Valuation Code, be determined in accordance with Articles 2 through 7 of the Customs Valuation Code; and

(c) where not included under subparagraph (a) or (b), include

(i) freight, insurance, packing and all other costs incurred in transporting the material to the location of the producer,

(ii) duties, taxes and customs brokerage fees on the material paid in the territory of one or both of the Parties, and

(iii) the cost of waste and spoilage resulting from the use of the material in the production of the good, less the value of renewable scrap or by-product.

10. Any self-produced material that is used in the production of a good may be designated by the producer of the good as an intermediate material for the purpose of calculating the regional value content of the good under paragraph 2 or 3, provided that where the intermediate material is subject to a regional value-content requirement, no other self-produced material subject to a regional value-content requirement used in the production of that intermediate material may itself be designated by the producer as an intermediate material⁴.

11. The value of an intermediate material shall be:

(a) the total cost incurred with respect to all goods produced by the producer of the good that can be reasonably allocated to that intermediate material; or

(b) the aggregate of each cost that forms part of the total cost incurred with respect to that intermediate material that can be reasonably allocated to that intermediate material.

12. The value of an indirect material shall be based on the Generally Accepted Accounting Principles applicable in the territory of the Party in which the good is produced.

13. Notwithstanding the regional value-content requirement specified in an applicable rule in Annex D-01 for the tariff provision under which a good is classified, a good shall be an originating good where:

(a) the good is provided in tariff item 6402.19.aa (sports footwear with rubber or plastic soles and uppers, for golf, hiking, running or curling), subheading 6402.99, tariff item 6403.19.aa (sports footwear with leather uppers, for riding, golf, hiking, climbing, curling, bowling, skating or training), subheading 6403.40 or 6403.91, tariff item 6404.11.aa (hiking footwear with rubber soles and canvas uppers), 6404.11.bb (hiking footwear with plastic soles and canvas uppers) or 6404.19.aa (shoes or sandals with plastic soles and canvas uppers) or subheading 6406.10;

Article D-05: De Minimis

1. Except as provided in paragraphs 3 through 6, a good shall be considered to be an originating good if the value of all non-originating materials used in the production of the good that do not undergo an applicable change in tariff classification set out in Annex D-01 is not more than 9 per cent of the transaction value of the good, adjusted to a F.O.B. basis, or, if the transaction value of the good is unacceptable under Article 1 of the Customs Valuation Code, the value of all such non-originating materials is not more than 9 per cent of the total cost of the good, provided that:

Annex D-03.2

Regional Value-Content Calculation for Related Motor Vehicle Producer

1. For the purpose of Article D-03, in determining whether motor vehicles produced by a motor vehicle producer in the territory of a Party and imported into the territory of the other Party qualify as originating goods, the producer may average its calculation of the regional value content of a class of motor vehicles or a model line of motor vehicles produced in a fiscal year in the territory of a Party ("the territory of production") by that producer for sale in the territory of the other Party with the calculation of the regional value content of the corresponding class of motor vehicles or model line of motor vehicles produced in the territory of production by a related producer in the fiscal year that corresponds most closely to the producer's fiscal year, provided that:

(a) the related group acquires 75 per cent or more by unit of quantity of the class of motor vehicles or model line of motor vehicles, as the case may be, that the producer has produced in the territory of a Party in that fiscal year for sale in the territory of the other Party;

(b) the producer and the related producer each produced motor vehicles in the territory of the same Party at any time up to two years from the date of coming into force of this Agreement; and

(c) where a producer otherwise qualifies under this Annex, notice of such qualification has been provided by the Party referred to in paragraph (b) to the other Party no later than two years from the date of coming into force of this Agreement.

2. If the related group acquires less than 75 per cent by unit by quantity of the class of motor vehicles or model line of motor vehicles, as the case may be, that the producer has produced in the territory of a Party in that fiscal year for sale in the territory of the other Party, the producer may average in the manner set out in paragraph 1 only those motor vehicles that are acquired by the related producer for distribution under the marque of either the producer or the related group.

3. In calculating the regional value content of motor vehicles produced by the producer in the territory of a Party, the producer may choose to average the calculation in paragraph 1 or 2 over a period of two fiscal years in the event that any motor vehicle assembly plant operated by the producer or any motor vehicle assembly plant operated by the related producer with which the producer is averaging its regional value content is closed for more than two consecutive months:

(a) for the purpose of re-tooling for a model change, or

(b) as the result of any event or circumstance (other than the imposition of anti-dumping and countervailing duties, or an interruption of operations resulting from a labour strike, lock-out, labour dispute, picketing or boycott of or by employees), that the producer or the related producer could not reasonably have been expected to avert by corrective action or by exercise of due care and diligence, including a shortage of materials, failure of utilities, or inability to obtain or delay in obtaining raw materials, parts, fuel or utilities.

The averaging may be for the producer's fiscal year in which a motor vehicle producer's or a related producer's plant with which the producer is averaging is closed and either the previous or subsequent fiscal year. In the event that the period of closure spans two fiscal years, the averaging may be only for those two fiscal years.

4. For the purposes of this Annex, where as a result of an amalgamation, reorganization, division or similar transaction:

(a) a motor vehicle producer (the "successor producer") acquires all or substantially all of the assets used by the related group; and

(b) the successor producer, directly or indirectly controls, or is controlled by, the related group, or both the successor producer and the related group are controlled by the same person,

the successor producer shall be deemed to be the related producer.

5. For the purposes of this Annex:

(a) a motor vehicle producer is related to another motor vehicle producer when it owns 50 per cent or more of the common voting stock of the other motor vehicle producer at the beginning of the other motor vehicle producer's fiscal year;

(b) marque means the trade name used by a separate marketing division of a producer of motor vehicles and any related persons or joint ventures in which the producer participates;

(c) producer means a motor vehicle producer;

(d) related group means a related producer and any subsidiary directly or indirectly owned by it or by any combination thereof; and

(e) related producer means a motor vehicle producer that is related to another motor vehicle producer within the meaning of subparagraph (a).

Chapter E

Customs Procedures

Section I - Certification of Origin

Article E-01: Certificate of Origin

1. The Parties shall establish by the date of entry into force of this Agreement, a Certificate of Origin for the purpose of certifying that a good being exported from the territory of a Party into the territory of the other Party qualifies as an originating good, and may thereafter revise the Certificate by agreement.

2. Each Party may require that a Certificate of Origin for a good imported into its territory be completed in a language required under its law.

3. Each Party shall:

(a) require an exporter in its territory to complete and sign a Certificate of Origin for any exportation of a good for which an importer may claim preferential tariff treatment on importation of the good into the territory of the other Party; and

(b) provide that where an exporter in its territory is not the producer of the good, the exporter may complete and sign a Certificate on the basis of

(i) its knowledge of whether the good qualifies as an originating good,

(ii) its reasonable reliance on the producer's written representation that the good qualifies as an originating good, or

(iii) a completed and signed Certificate for the good voluntarily provided to the exporter by the producer.

4. Nothing in paragraph 3 shall be construed to require a producer to provide a Certificate of Origin to an exporter.

5. Each Party shall provide that a Certificate of Origin that has been completed and signed by an exporter or a producer in the territory of the other Party that is applicable to:

(a) a single importation of a good into the Party's territory; or

(b) multiple importations of identical goods into the Party's territory that occur within a specified period, not exceeding 12 months, set out therein by the exporter or producer,

shall be accepted by its customs administration for four years after the date on which the Certificate was signed.

6. For any originating good that is imported into the territory of a Party on or after the date of entry into force of this Agreement, each Party shall accept a Certificate of Origin that has been completed and signed prior to that date by the exporter or producer of that good.

Article E-02: Obligations Regarding Importations

1. Except as otherwise provided in this Chapter, each Party shall require an importer in its territory that claims preferential tariff treatment for a good imported into its territory from the territory of the other Party to:

(a) make a written declaration, based on a valid Certificate of Origin, that the good qualifies as an originating good;

(b) have the Certificate in its possession at the time the declaration is made;

(c) provide, on the request of that Party's customs administration, a copy of the Certificate; and

(d) promptly make a corrected declaration and pay any duties owing where the importer has reason to believe that a Certificate on which a declaration was based contains information that is not correct.

2. Each Party shall provide that, where an importer in its territory claims preferential tariff treatment for a good imported into its territory from the territory of the other Party:

(a) the Party may deny preferential tariff treatment to the good if the importer fails to comply with any requirement under this Chapter; and

(b) the importer shall not be subject to penalties for the making of an incorrect declaration, if it voluntarily makes a corrected declaration pursuant to paragraph 1(d).

3. Each Party shall provide that, where a good would have qualified as an originating good when it was imported into the territory of that Party but no claim for preferential tariff treatment was made at that time, the importer of the good may, no later than one year after the date on which the good was imported, apply for a refund of any excess duties paid as the result of the good not having been accorded preferential tariff treatment, on presentation of:
- (a) a written declaration that the good qualified as an originating good at the time of importation;
 - (b) a copy of the Certificate of Origin; and
 - (c) such other documentation relating to the importation of the good as that Party may require.

Article E-03: Exceptions

Each Party shall provide that a Certificate of Origin shall not be required for:

- (a) a commercial importation of a good whose value does not exceed US\$1,000 or its equivalent amount in the Party's currency, or such higher amount as it may establish, except that it may require that the invoice accompanying the importation include a statement certifying that the good qualifies as an originating good;
- (b) a non-commercial importation of a good whose value does not exceed US\$1,000 or its equivalent amount in the Party's currency, or such higher amount as it may establish; or
- (c) an importation of a good for which the Party into whose territory the good is imported has waived the requirement for a Certificate of Origin,

provided that the importation does not form part of a series of importations that may reasonably be considered to have been undertaken or arranged for the purpose of avoiding the certification requirements of Articles E-01 and E-02.

Article E-04: Obligations Regarding Exportations

1. Each Party shall provide that:

- (a) an exporter in its territory, or a producer in its territory that has provided a copy of a Certificate of Origin to that exporter pursuant to Article E-01(3)(b)(iii), shall provide a copy of the Certificate to its customs administration on request; and
- (b) an exporter or a producer in its territory that has completed and signed a Certificate of Origin, and that has reason to believe that the Certificate contains information that is not correct, shall promptly notify in writing all persons to whom the Certificate was given by the exporter or producer of any change that could affect the accuracy or validity of the Certificate.

2. Each Party:

(a) shall provide that a false certification by an exporter or a producer in its territory that a good to be exported to the territory of the other Party qualifies as an originating good shall have the same legal consequences, with appropriate modifications, as would apply to an importer in its territory for a contravention of its customs laws and regulations regarding the making of a false statement or representation; and

(b) may apply such measures as the circumstances may warrant where an exporter or a producer in its territory fails to comply with any requirement of this Chapter.

3. Neither Party may impose penalties on an exporter or a producer in its territory that voluntarily provides written notification pursuant to paragraph (1)(b) with respect to the making of an incorrect certification.

Section II - Administration and Enforcement

Article E-05: Records

Each Party shall provide that:

(a) an exporter or a producer in its territory that completes and signs a Certificate of Origin shall maintain in its territory, for five years after the date on which the Certificate was signed or for such longer period as the Party may specify, all records relating to the origin of a good for which preferential tariff treatment was claimed in the territory of the other Party, including records associated with

(i) the purchase of, cost of, value of, and payment for, the good that is exported from its territory,

(ii) the purchase of, cost of, value of, and payment for, all materials, including indirect materials, used in the production of the good that is exported from its territory, and

(iii) the production of the good in the form in which the good is exported from its territory; and

(b) an importer claiming preferential tariff treatment for a good imported into the Party's territory shall maintain in that territory, for five years after the date of importation of the good or for such longer period as the Party may specify, such documentation, including a copy of the Certificate, as the Party may require relating to the importation of the good.

Article E-06: Origin Verifications

1. For purposes of determining whether a good imported into its territory from the territory of the other Party qualifies as an originating good, a Party may, through its customs administration, conduct a verification solely by means of:

- (a) written questionnaires to an exporter or a producer in the territory of the other Party;
- (b) visits to the premises of an exporter or a producer in the territory of the other Party to review the records referred to in Article E-05(a) and observe the facilities used in the production of the good; or
- (c) such other procedure as the Parties may agree.

2. Prior to conducting a verification visit pursuant to paragraph (1)(b), a Party shall, through its customs administration:

- (a) deliver a written notification of its intention to conduct the visit to

- (i) the exporter or producer whose premises are to be visited,

- (ii) the customs administration of the other Party, and

- (iii) if requested by the other Party, the embassy of the other Party in the territory of the Party proposing to conduct the visit; and

- (b) obtain the written consent of the exporter or producer whose premises are to be visited.

3. The notification referred to in paragraph 2 shall include:

- (a) the identity of the customs administration issuing the notification;

- (b) the name of the exporter or producer whose premises are to be visited;

- (c) the date and place of the proposed verification visit;

- (d) the object and scope of the proposed verification visit, including specific reference to the good that is the subject of the verification;

- (e) the names and titles of the officials performing the verification visit; and

- (f) the legal authority for the verification visit.

4. Where an exporter or a producer has not given its written consent to a proposed verification visit within 30 days of receipt of notification pursuant to paragraph 2, the notifying Party may deny preferential tariff treatment to the good that would have been the subject of the visit.

5. Each Party shall provide that, where its customs administration receives notification pursuant to paragraph 2, the customs administration may, within 15 days of receipt of the notification, postpone the proposed verification visit for a period not exceeding 60 days from the date of such receipt, or for such longer period as the Parties may agree.

6. A Party shall not deny preferential tariff treatment to a good based solely on the postponement of a verification visit pursuant to paragraph 5.

7. Each Party shall permit an exporter or a producer whose good is the subject of a verification visit by the other Party to designate two observers to be present during the visit, provided that:

(a) the observers do not participate in a manner other than as observers; and

(b) the failure of the exporter or producer to designate observers shall not result in the postponement of the visit.

8. Each Party shall, through its customs administration, where conducting a verification of origin involving a regional value content, de minimis calculation or any other provision in Chapter D (Rules of Origin) to which Generally Accepted Accounting Principles may be relevant, apply such principles as are applicable in the territory of the Party from which the good was exported.

9. The Party conducting a verification shall provide the exporter or producer whose good is the subject of the verification with a written determination of whether the good qualifies as an originating good, including findings of fact and the legal basis for the determination.

10. Where verifications by a Party indicate a pattern of conduct by an exporter or a producer of false or unsupported representations that a good imported into its territory qualifies as an originating good, the Party may withhold preferential tariff treatment to identical goods exported or produced by such person until that person establishes compliance with Chapter D (Rules of Origin).

11. Each Party shall provide that where it determines that a certain good imported into its territory does not qualify as an originating good based on a tariff classification or a value applied by the Party to one or more materials used in the production of the good, which differs from the tariff classification or value applied to the materials by the other Party, the Party's determination shall not become effective until it notifies in writing both the importer of the good and the person that completed and signed the Certificate of Origin for the good of its determination.

12. A Party shall not apply a determination made under paragraph 11 to an importation made before the effective date of the determination where:

(a) the customs administration of the other Party has issued an advance ruling under Article E-09 or any other ruling on the tariff classification or on the value of such materials, or has given consistent treatment to the entry of the materials under the tariff classification or value at issue, on which a person is entitled to rely; and

(b) the advance ruling, other ruling or consistent treatment was given prior to notification of the determination.

13. If a Party denies preferential tariff treatment to a good pursuant to a determination made under paragraph 11, it shall postpone the effective date of the denial for a period not exceeding 90 days where the importer of the good, or the person who completed and signed the Certificate of Origin for the good, demonstrates that it has relied in good faith to its detriment on the tariff classification or value applied to such materials by the customs administration of the other Party.

Article E-07: Confidentiality

1. Each Party shall maintain, in accordance with its law, the confidentiality of confidential business information collected pursuant to this Chapter and shall protect that information from

disclosure that could prejudice the competitive position of the persons providing the information.

2. The confidential business information collected pursuant to this Chapter may only be disclosed to those authorities responsible for the administration and enforcement of determinations of origin, and of customs and revenue matters.

Article E-08: Penalties

1. Each Party shall maintain measures imposing criminal, civil or administrative penalties for violations of its laws and regulations relating to this Chapter.

2. Nothing in Article E-02(2), E-04(3) or E-06(6) shall be construed to prevent a Party from applying such measures as the circumstances may warrant.

Section III - Advance Rulings

Article E-09: Advance Rulings

1. Each Party shall, through its customs administration, provide for the expeditious issuance of written advance rulings, prior to the importation of a good into its territory, to an importer in its territory or an exporter or a producer in the territory of the other Party, on the basis of the facts and circumstances presented by such importer, exporter or producer of the good, concerning:

(a) whether materials imported from a non-Party used in the production of a good undergo an applicable change in tariff classification set out in Annex D-01 as a result of production occurring entirely in the territory of one or both of the Parties;

(b) whether a good satisfies a regional value-content requirement under either the transaction value method or the net cost method set out in Chapter D (Rules of Origin);

(c) for the purpose of determining whether a good satisfies a regional value-content requirement under Chapter D, the appropriate basis or method for value to be applied by an exporter or a producer in the territory of the other Party, in accordance with the principles of the Customs Valuation Code, for calculating the transaction value of the good or of the materials used in the production of the good;

(d) for the purpose of determining whether a good satisfies a regional value-content requirement under Chapter D, the appropriate basis or method for reasonably allocating costs, in accordance with the allocation methods set out in the Uniform Regulations, for calculating the net cost of the good or the value of an intermediate material;

(e) whether a good qualifies as an originating good under Chapter D;

(f) whether a good that re-enters its territory after the good has been exported from its territory to the territory of the other Party for repair or alteration qualifies for duty-free treatment in accordance with Article C-06 (Goods Re-Entered after Repair or Alteration);

(g) whether a good referred to in Annex C-00-B (Textiles and Apparel Goods) satisfies the conditions set out in Appendix 5.1 of that Annex regarding eligibility for a tariff preference level (TPL) referred to therein; or

(h) such other matters as the Parties may agree.

2. Each Party shall adopt or maintain procedures for the issuance of advance rulings, including a detailed description of the information reasonably required to process an application for a ruling.

3. Each Party shall provide that its customs administration:

(a) may, at any time during the course of an evaluation of an application for an advance ruling, request supplemental information from the person requesting the ruling;

(b) shall, after it has obtained all necessary information from the person requesting an advance ruling, issue the ruling within the periods specified in the Uniform Regulations; and

(c) shall, where the advance ruling is unfavourable to the person requesting it, provide to that person a full explanation of the reasons for the ruling.

4. Subject to paragraph 6, each Party shall apply an advance ruling to importations into its territory of the good for which the ruling was requested, beginning on the date of its issuance or such later date as may be specified in the ruling.

5. Each Party shall provide to any person requesting an advance ruling the same treatment, including the same interpretation and application of provisions of Chapter D regarding a determination of origin, as it provided to any other person to whom it issued an advance ruling, provided that the facts and circumstances are identical in all material respects.

6. The issuing Party may modify or revoke an advance ruling:

(a) if the ruling is based on an error

(i) of fact,

(ii) in the tariff classification of a good or a material that is the subject of the ruling,

(iii) in the application of a regional value-content requirement under Chapter D, or

(iv) in the application of the rules for determining whether a good that re-enters its territory after the good has been exported from its territory to the territory of the other Party for repair or alteration qualifies for duty-free treatment under Article C-06;

(b) if the ruling is not in accordance with an interpretation agreed by the Parties regarding Chapter C (National Treatment and Market Access for Goods) or Chapter D;

(c) if there is a change in the material facts or circumstances on which the ruling is based;

(d) to conform with a modification of Chapter C, Chapter D, this Chapter or the Uniform Regulations; or

(e) to conform with a judicial decision or a change in its domestic law.

7. Each Party shall provide that any modification or revocation of an advance ruling shall be effective on the date on which the modification or revocation is issued, or on such later date as may be specified therein, and shall not be applied to importations of a good that have occurred prior to that date, unless the person to whom the advance ruling was issued has not acted in accordance with its terms and conditions.

8. Notwithstanding paragraph 7, the issuing Party shall postpone the effective date of such modification or revocation for a period not exceeding 90 days where the person to whom the advance ruling was issued demonstrates that it has relied in good faith to its detriment on that ruling.

9. Each Party shall provide that where its customs administration examines the regional value content of a good for which it has issued an advance ruling pursuant to subparagraph 1(c), (d) or (f), it shall evaluate whether:

(a) the exporter or producer has complied with the terms and conditions of the advance ruling;

(b) the exporter's or producer's operations are consistent with the material facts and circumstances on which the advance ruling is based; and

(c) the supporting data and computations used in applying the basis or method for calculating value or allocating cost were correct in all material respects.

10. Each Party shall provide that where its customs administration determines that any requirement in paragraph 9 has not been satisfied, it may modify or revoke the advance ruling as the circumstances may warrant.

11. Each Party shall provide that, where the person to whom an advance ruling was issued demonstrates that it used reasonable care and acted in good faith in presenting the facts and circumstances on which the ruling was based, and where the customs administration of a Party determines that the ruling was based on incorrect information, the person to whom the ruling was issued shall not be subject to penalties.

12. Each Party shall provide that where it issues an advance ruling to a person that has misrepresented or omitted material facts or circumstances on which the ruling is based or has failed to act in accordance with the terms and conditions of the ruling, the Party may apply such measures as the circumstances may warrant.

Section IV - Review and Appeal of Origin Determinations and Advance Rulings

Article E-10: Review and Appeal

1. Each Party shall grant substantially the same rights of review and appeal of determinations of origin and advance rulings by its customs administration as it provides to importers in its territory to any person:

(a) who completes and signs a Certificate of Origin for a good that has been the subject of a determination of origin; or

(b) who has received an advance ruling pursuant to Article E-09(1).

2. Further to Articles L-04 (Administrative Proceedings) and L-05 (Review and Appeal), each Party shall provide that the rights of review and appeal referred to in paragraph 1 shall include access to:

(a) at least one level of administrative review independent of the official or office responsible for the determination under review; and

(b) in accordance with its domestic law, judicial or quasi-judicial review of the determination or decision taken at the final level of administrative review.

Section V - Uniform Regulations

Article E-11: Uniform Regulations

1. The Parties shall establish, and implement through their respective laws or regulations by the date of entry into force of this Agreement, and at any time thereafter, upon agreement of the Parties, Uniform Regulations regarding the interpretation, application and administration of Chapter D, this Chapter and other matters as may be agreed by the Parties.

2. Each Party shall implement any modification of or addition to the Uniform Regulations no later than 180 days after the Parties agree on such modification or addition, or such other period as the Parties may agree.

Section VI - Cooperation

Article E-12: Cooperation

(a) a determination of origin issued as the result of a verification conducted pursuant to Article E-06(1);

(b) a determination of origin that the Party is aware is contrary to

(i) a ruling issued by the customs administration of the other Party with respect to the tariff classification or value of a good, or of materials used in the production of a good, or the reasonable allocation of costs where calculating the net cost of a good, that is the subject of a determination of origin, or

(ii) consistent treatment given by the customs administration of the other Party with respect to the tariff classification or value of a good, or of materials used in the production of a good, or

the reasonable allocation of costs where calculating the net cost of a good, that is the subject of a determination of origin;

(c) a measure establishing or significantly modifying an administrative policy that is likely to affect future determinations of origin; and

(d) an advance ruling, or a ruling modifying or revoking an advance ruling, pursuant to Article E-09.

2. The Parties shall cooperate:

(a) in the enforcement of their respective customs-related laws or regulations implementing this Agreement, and under any customs mutual assistance agreement or other customs-related agreement to which they are party;

(b) for purposes of the detection and prevention of unlawful transshipments of textile and apparel goods of a non-Party, in the enforcement of prohibitions or quantitative restrictions, including the verification by a Party, in accordance with the procedures set out in this Chapter, of the capacity for production of goods by an exporter or a producer in the territory of the other Party, provided that the customs administration of the Party proposing to conduct the verification, prior to conducting the verification

(i) obtains the consent of the other Party, and

(ii) provides notification to the exporter or producer whose premises are to be visited,

except that procedures for notifying the exporter or producer whose premises are to be visited shall be in accordance with such other procedures as the Parties may agree;

(c) to the extent practicable and for purposes of facilitating the flow of trade between them, in such customs-related matters as the collection and exchange of statistics regarding the importation and exportation of goods, the harmonization of documentation used in trade, the standardization of data elements, the acceptance of an international data syntax and the exchange of information; and

(d) to the extent practicable, in the storage and transmission of customs-related documentation.

Article E-13: The Customs Sub-Committee

(i) the mostfavourednation (MFN) applied rate of duty in effect at the time the action is taken, and

(ii) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement; or

(c) in the case of a duty applied to a good on a seasonal basis, increase the rate of duty to a level not to exceed the MFN applied rate of duty that was in effect on the good for the corresponding season immediately preceding the date of entry into force of this Agreement.

2. The following conditions and limitations shall apply to a proceeding that may result in emergency action under paragraph 1:

(a) a Party shall, without delay, deliver to the other Party written notice of, and a request for consultations regarding, the institution of a proceeding that could result in emergency action against a good originating in the territory of the other Party;

(b) any such action shall be initiated no later than one year after the date of institution of the proceeding;

(c) no action may be maintained

(i) for a period exceeding three years, or

(ii) beyond the expiration of the transition period, except with the consent of the Party against whose good the action is taken;

(d) no action may be taken by a Party against any particular good originating in the territory of the other Party more than once during the transition period; and

(e) on the termination of the action, the rate of duty shall be the rate that, according to the Party's Schedule to Annex C-02.2 for the staged elimination of the tariff, would have been in effect one year after the initiation of the action, and beginning January 1 of the year following the termination of the action, at the option of the Party that has taken the action

(i) the rate of duty shall conform to the applicable rate set out in its Schedule to Annex C-02.2, or

(ii) the tariff shall be eliminated in equal annual stages ending on the date set out in its Schedule to Annex C-02.2 for the elimination of the tariff.

3. A Party may take a bilateral emergency action after the expiration of the transition period to deal with cases of serious injury, or threat thereof, to a domestic industry arising from the operation of this Agreement only with the consent of the other Party.

4. The Party taking an action under this Article shall provide to the other Party mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the action. If the Parties are unable to agree on compensation, the Party against whose good the action is taken may take tariff action having trade effects substantially equivalent to the action taken under this Article. The Party taking the tariff action shall apply the action only for the minimum period necessary to achieve the substantially equivalent effects.

5. This Article does not apply to emergency actions respecting goods covered by Annex C-00-B (Textile and Apparel Goods).

Article F-02: Global Actions

1. Each Party retains its rights and obligations under Article XIX of the GATT 1994 and the Agreement on Safeguards of the WTO Agreement except those regarding compensation or retaliation and exclusion from an action to the extent that such rights or obligations are inconsistent with this Article. Any Party taking an emergency action under Article XIX of the GATT 1994 and the Agreement on Safeguards of the WTO Agreement shall exclude imports of a good from the other Party from the action unless:

(a) imports from the other Party account for a substantial share of total imports; and

(b) imports from the other Party contribute importantly to the serious injury, or threat thereof, caused by imports.

2. In determining whether:

(a) imports from the other Party account for a substantial share of total imports, those imports normally shall not be considered to account for a substantial share of total imports if that Party is not among the top five suppliers of the good subject to the proceeding, measured in terms of import share during the most recent three-year period; and

(b) imports from the other Party contribute importantly to the serious injury, or threat thereof, the competent investigating authority shall consider such factors as the change in the import share of the other Party, and the level and change in the level of imports of the other Party. In this regard, imports from a Party normally shall not be deemed to contribute importantly to serious injury, or the threat thereof, if the growth rate of imports from a Party during the period in which the injurious surge in imports occurred is appreciably lower than the growth rate of total imports from all sources over the same period.

3. A Party taking such action, from which a good from the other Party is initially excluded pursuant to paragraph 1, shall have the right subsequently to include that good from the other

Party in the action in the event that the competent investigating authority determines that a surge in imports of such good from the other Party undermines the effectiveness of the action.

4. A Party shall, without delay, deliver written notice to the other Party of the institution of a proceeding that may result in emergency action under paragraph 1 or 3.

5. Neither Party may impose restrictions on a good in an action under paragraph 1 or 3: (a) without delivery of prior written notice to the Commission, and without adequate opportunity for consultation with the other Party, as far in advance of taking the action as practicable; and

(b) that would have the effect of reducing imports of such good from the other Party below the trend of imports of the good from that Party over a recent representative base period with allowance for reasonable growth.

6. The Party taking an action pursuant to this Article shall provide to the other Party mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the action. If the Parties are unable to agree on compensation, the Party against whose good the action is taken may take action having trade effects substantially equivalent to the action taken under paragraph 1 or 3.

Article F-03: Administration of Emergency Action Proceedings

1. Each Party shall ensure the consistent, impartial and reasonable administration of its laws, regulations, decisions and rulings governing all emergency action proceedings.

2. Each Party shall entrust determinations of serious injury, or threat thereof, in emergency action proceedings to a competent investigating authority, subject to review by judicial or administrative tribunals, to the extent provided by domestic law. Negative injury determinations shall not be subject to modification, except by such review. The competent investigating authority empowered under domestic law to conduct such proceedings should be provided with the necessary resources to enable it to fulfill its duties.

3. Each Party shall adopt or maintain equitable, timely, transparent and effective procedures for emergency action proceedings, in accordance with the requirements set out in Annex F-03.3.

4. This Article does not apply to emergency actions taken under Annex C-00-B (Textile and Apparel Goods).

Article F-04: Dispute Settlement in Emergency Action Matters

Neither Party may request the establishment of an arbitral panel under Article N-08 (Request for an Arbitral Panel) regarding any proposed emergency action.

Annex F-03.3

Administration of Emergency Action Proceedings

Institution of a Proceeding

1. An emergency action proceeding may be instituted by a petition or complaint by entities specified in domestic law. The entity filing the petition or complaint shall demonstrate that it is representative of the domestic industry producing a good like or directly competitive with the imported good.

2. A Party may institute a proceeding on its own motion or request the competent investigating authority to conduct a proceeding.

Contents of a Petition or Complaint

3. Where the basis for an investigation is a petition or complaint filed by an entity representative of a domestic industry, the petitioning entity shall, in its petition or complaint, provide the following information to the extent that such information is publicly available from governmental or other sources, or best estimates and the basis therefor if such information is not available:

(a) product description - the name and description of the imported good concerned, the tariff subheading under which that good is classified, its current tariff treatment and the name and description of the like or directly competitive domestic good concerned;

(b) representativeness -

(i) the names and addresses of the entities filing the petition or complaint, and the locations of the establishments in which they produce the domestic good,

(ii) the percentage of domestic production of the like or directly competitive good that such entities account for and the basis for claiming that they are representative of an industry, and

(iii) the names and locations of all other domestic establishments in which the like or directly competitive good is produced;

(c) import data - import data for each of the five most recent full years that form the basis of the claim that the good concerned is being imported in increased quantities, either in absolute terms or relative to domestic production as appropriate;

(d) domestic production data - data on total domestic production of the like or directly competitive good for each of the five most recent full years;

(e) data showing injury - quantitative and objective data indicating the nature and extent of injury to the concerned industry, such as data showing changes in the level of sales, prices, production, productivity, capacity utilization, market share, profits and losses, and employment;

(f) cause of injury - an enumeration and description of the alleged causes of the injury, or threat thereof, and a summary of the basis for the assertion that increased imports, either actual or relative to domestic production, of the imported good are causing or threatening to cause serious injury, supported by pertinent data; and

(g) criteria for inclusion - quantitative and objective data indicating the share of imports accounted for by imports from the territory of the other Party and the petitioner's views on the extent to which such imports are contributing importantly to the serious injury, or threat thereof, caused by imports of that good.

4. Petitions or complaints, except to the extent that they contain confidential business information, shall promptly be made available for public inspection on being filed.

Notice Requirement

5. On instituting an emergency action proceeding, the competent investigating authority shall publish notice of the institution of the proceeding in the official journal of the Party. The notice shall identify the petitioner or other requester, the imported good that is the subject of the proceeding and its tariff subheading, the nature and timing of the determination to be made, the time and place of the public hearing, dates of deadlines for filing briefs, statements and other documents, the place at which the petition and any other documents filed in the course of the proceeding may be inspected, and the name, address and telephone number of the office to be contacted for more information.

6. With respect to an emergency action proceeding instituted on the basis of a petition or complaint filed by an entity asserting that it is representative of the domestic industry, the competent investigating authority shall not publish the notice required by paragraph 5 without first assessing carefully that the petition or complaint meets the requirements of paragraph 3, including representativeness.

Public Hearing

7. In the course of each proceeding, the competent investigating authority shall:

- (a) hold a public hearing, after providing reasonable notice, to allow all interested parties, and any association whose purpose is to represent the interests of consumers in the territory of the Party instituting the proceeding, to appear in person or by counsel, to present evidence and to be heard on the questions of serious injury, or threat thereof, and the appropriate remedy; and
- (b) provide an opportunity to all interested parties and any such association appearing at the hearing to crossquestion interested parties making presentations at that hearing.

Confidential Information

8. The competent investigating authority shall adopt or maintain procedures for the treatment of confidential information, protected under domestic law, that is provided in the course of a proceeding, including a requirement that interested parties and consumer associations providing such information furnish non-confidential written summaries thereof, or where they indicate that the information cannot be summarized, the reasons why a summary cannot be provided.

Evidence of Injury and Causation

9. In conducting its proceeding the competent investigating authority shall gather, to the best of its ability, all relevant information appropriate to the determination it must make. It shall evaluate all relevant factors of an objective and quantifiable nature having a bearing on the situation of that industry, including the rate and amount of the increase in imports of the good concerned, in absolute and relative terms as appropriate, the share of the domestic market taken by increased imports, and changes in the level of sales, production, productivity, capacity

utilization, profits and losses, and employment. In making its determination, the competent investigating authority may also consider other economic factors, such as changes in prices and inventories, and the ability of firms in the industry to generate capital.

10. The competent investigating authority shall not make an affirmative injury determination unless its investigation demonstrates, on the basis of objective evidence, the existence of a clear causal link between increased imports of the good concerned and serious injury, or threat thereof. Where factors other than increased imports are causing injury to the domestic industry at the same time, such injury shall not be attributed to increased imports.

Deliberation and Report

11. Except in critical circumstances and in global actions involving perishable agricultural goods, the competent investigating authority, before making an affirmative determination in an emergency action proceeding, shall allow sufficient time to gather and consider the relevant information, hold a public hearing and provide an opportunity for all interested parties and consumer associations to prepare and submit their views.

12. The competent investigating authority shall publish promptly a report, including a summary thereof in the official journal of the Party, setting out its findings and reasoned conclusions on all pertinent issues of law and fact. The report shall describe the imported good and its tariff item number, the standard applied and the finding made. The statement of reasons shall set out the basis for the determination, including a description of:

(a) the domestic industry seriously injured or threatened with serious injury;

(b) information supporting a finding that imports are increasing, the domestic industry is seriously injured or threatened with serious injury, and increasing imports are causing or threatening serious injury; and

(c) if provided for by domestic law, any finding or recommendation regarding the appropriate remedy and the basis therefore.

13. In its report, the competent investigating authority shall not disclose any confidential information provided pursuant to any undertaking concerning confidential information that may have been made in the course of the proceedings.

Article G-02: National Treatment

2. Each Party shall accord to investments of investors of the other Party treatment no less favourable than that it accords, in like circumstances, to investments of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

3. The treatment accorded by a Party under paragraphs 1 and 2 means, with respect to a province, treatment no less favourable than the most favourable treatment accorded, in like circumstances, by that province to investors, and to investments of investors, of the Party of which it forms a part.

4. For greater certainty, no Party may:

(a) impose on an investor of the other Party a requirement that a minimum level of equity in an enterprise in the territory of the Party be held by its nationals, other than nominal qualifying shares for directors or incorporators of corporations; or

(b) require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment in the territory of the Party.

Article G-03: Most-Favoured-Nation Treatment

2. Each Party shall accord to investments of investors of the other Party treatment no less favourable than that it accords, in like circumstances, to investments of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

Article G-04: Standard of Treatment

1. Each Party shall accord to investors of the other Party and to investments of investors of the other Party the better of the treatment required by Articles G-02 and G-03.

2. Annex G-04.2 sets out certain specific obligations by the Party specified in that Annex.

Article G-05: Minimum Standard of Treatment

1. Each Party shall accord to investments of investors of the other Party treatment in accordance with international law, including fair and equitable treatment and full protection and security.

2. Without prejudice to paragraph 1 and notwithstanding Article G-08(7)(b), each Party shall accord to investors of the other Party, and to investments of investors of the other Party, nondiscriminatory treatment with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict or civil strife.

3. Paragraph 2 does not apply to existing measures relating to subsidies or grants that would be inconsistent with Article G-02 but for Article G-08(7)(b).

Article G-06: Performance Requirements²

1. Neither Party may impose or enforce any of the following requirements, or enforce any commitment or undertaking, in connection with the establishment, acquisition, expansion, management, conduct or operation of an investment of an investor of a Party or of a nonParty in its territory:

- (a) to export a given level or percentage of goods or services;
- (b) to achieve a given level or percentage of domestic content;
- (c) to purchase, use or accord a preference to goods produced or services provided in its territory, or to purchase goods or services from persons in its territory;
- (d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment;
- (e) to restrict sales of goods or services in its territory that such investment produces or provides by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;
- (f) to transfer technology, a production process or other proprietary knowledge to a person in its territory, except when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal or competition authority to remedy an alleged violation of competition laws or to act in a manner not inconsistent with other provisions of this Agreement; or
- (g) to act as the exclusive supplier of the goods it produces or services it provides to a specific region or world market.

2. A measure that requires an investment to use a technology to meet generally applicable health, safety or environmental requirements shall not be construed to be inconsistent with paragraph 1(f). For greater certainty, Articles G-02 and G-03 apply to the measure.

3. Neither Party may condition the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with any of the following requirements:

- (a) to achieve a given level or percentage of domestic content;
- (b) to purchase, use or accord a preference to goods produced in its territory, or to purchase goods from producers in its territory;
- (c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or
- (d) to restrict sales of goods or services in its territory that such investment produces or provides by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

4. Nothing in paragraph 3 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a nonParty, on compliance with a requirement to locate production, provide a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

5. Paragraphs 1 and 3 do not apply to any requirement other than the requirements set out in those paragraphs.

6. Provided that such measures are not applied in an arbitrary or unjustifiable manner, or do not constitute a disguised restriction on international trade or investment, nothing in paragraph 1(b) or (c) or 3(a) or (b) shall be construed to prevent a Party from adopting or maintaining measures, including environmental measures:

(a) necessary to secure compliance with laws and regulations that are not inconsistent with the provisions of this Agreement;

(b) necessary to protect human, animal or plant life or health; or

(c) necessary for the conservation of living or non-living exhaustible natural resources.

Article G-07: Senior Management and Boards of Directors

1. Neither Party may require that an enterprise of that Party that is an investment of an investor of the other Party appoint to senior management positions individuals of any particular nationality.

2. A Party may require that a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is an investment of an investor of the other Party, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

Article G-08: Reservations and Exceptions

1. Articles G-02, G-03, G-06 and G-07 do not apply to:

(a) any existing nonconforming measure that is maintained by

(i) a Party at the national or provincial level, as set out in its Schedule to Annex I, or

(ii) a local government;

(b) the continuation or prompt renewal of any nonconforming measure referred to in subparagraph (a); or

(c) an amendment to any nonconforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Articles G-02, G-03, G-06 and G-07.

2. Articles G-02, G-03, G-06 and G-07 do not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors or activities, as set out in its Schedule to Annex II.

3. Neither Party may, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule to Annex II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.

4. Articles G-02 and G-03 do not apply to any measure that is an exception to, or derogation from, a Party's obligations under the TRIPS Agreement, as specifically provided for in that agreement.

5. Article G-03 does not apply to treatment accorded by a Party pursuant to agreements, or with respect to sectors, set out in its Schedule to Annex III.

6. Articles G-02, G-03 and G-07 do not apply to:

(a) procurement by a Party or a state enterprise; or

(b) subsidies or grants provided by a Party or a state enterprise, including government-supported loans, guarantees and insurance.

7. The provisions of:

(a) Article G-06(1)(a), (b) and (c), and (3)(a) and (b) do not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs;

(b) Article G-06(1)(b), (c), (f) and (g), and (3)(a) and (b) do not apply to procurement by a Party or a state enterprise; and

(c) Article G-06(3)(a) and (b) do not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariffs or preferential quotas.

Article G-09: Transfers

1. Except as provided in Annex G-09.1, each Party shall permit all transfers relating to an investment of an investor of the other Party in the territory of the Party to be made freely and without delay. Such transfers include:

(a) profits, dividends, interest, capital gains, royalty payments, management fees, technical assistance and other fees, returns in kind and other amounts derived from the investment;

(b) proceeds from the sale of all or any part of the investment or from the partial or complete liquidation of the investment;

(c) payments made under a contract entered into by the investor, or its investment, including payments made pursuant to a loan agreement;

(d) payments made pursuant to Article G-10; and

(e) payments arising under Section II.

2. Each Party shall permit transfers to be made in a freely usable currency at the market rate of exchange prevailing on the date of transfer with respect to spot transactions in the currency to be transferred.

3. Neither Party may require its investors to transfer, or penalize its investors that fail to transfer, the income, earnings, profits or other amounts derived from, or attributable to, investments in the territory of the other Party.

4. Notwithstanding paragraphs 1 and 2, a Party may prevent a transfer through the equitable, nondiscriminatory and good faith application of its laws relating to:

(a) bankruptcy, insolvency or the protection of the rights of creditors;

(b) issuing, trading or dealing in securities;

(c) criminal or penal offenses;

(d) reports of transfers of currency or other monetary instruments; or

(e) ensuring the satisfaction of judgments in adjudicatory proceedings.

5. Paragraph 3 shall not be construed to prevent a Party from imposing any measure through the equitable, nondiscriminatory and good faith application of its laws relating to the matters set out in subparagraphs (a) through (e) of paragraph 4.

6. Notwithstanding paragraph 1, a Party may restrict transfers of returns in kind in circumstances where it could otherwise restrict such transfers under this Agreement, including as set out in paragraph 4.

Article G-10: Expropriation and Compensation

1. Neither Party may directly or indirectly nationalize or expropriate an investment of an investor of the other Party in its territory or take a measure tantamount to nationalization or expropriation of such an investment ("expropriation"), except:

(a) for a public purpose;

(b) on a nondiscriminatory basis;

(c) in accordance with due process of law and Article G-05(1); and

(d) on payment of compensation in accordance with paragraphs 2 through 6.

2. Compensation shall be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place ("date of expropriation"), and shall not reflect any change in value occurring because the intended expropriation had become known earlier. Valuation criteria shall include going concern value, asset value including declared tax value of tangible property, and other criteria, as appropriate, to determine fair market value.

3. Compensation shall be paid without delay and be fully realizable.

4. If payment is made in a G7 currency, compensation shall include interest at a commercially reasonable rate for that currency from the date of expropriation until the date of actual payment.

5. If a Party elects to pay in a currency other than a G7 currency, the amount paid on the date of payment, if converted into a G7 currency at the market rate of exchange prevailing on that date, shall be no less than if the amount of compensation owed on the date of expropriation had been converted into that G7 currency at the market rate of exchange prevailing on that date, and interest had accrued at a commercially reasonable rate for that G7 currency from the date of expropriation until the date of payment.
6. On payment, compensation shall be freely transferable as provided in Article G-09.
7. This Article does not apply to the issuance of compulsory licences granted in relation to intellectual property rights, or to the revocation, limitation or creation of intellectual property rights, to the extent that such issuance, revocation, limitation or creation is consistent with the TRIPS Agreement.
8. For purposes of this Article and for greater certainty, a non-discriminatory measure of general application shall not be considered a measure tantamount to an expropriation of a debt security or loan covered by this Chapter solely on the ground that the measure imposes costs on the debtor that cause it to default on the debt.

Article G-11: Special Formalities and Information Requirements

1. Nothing in Article G-02 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with the establishment of investments by investors of the other Party, such as a requirement that investors be residents of the Party or that investments be legally constituted under the laws or regulations of the Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and investments of investors of the other Party pursuant to this Chapter.
2. Notwithstanding Articles G-02 or G-03, a Party may require an investor of the other Party, or its investment in its territory, to provide routine information concerning that investment solely for informational or statistical purposes. The Party shall protect such business information that is confidential from any disclosure that would prejudice the competitive position of the investor or the investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

Article G-12: Relation to Other Chapters

1. In the event of any inconsistency between this Chapter and another Chapter, the other Chapter shall prevail to the extent of the inconsistency.
2. A requirement by a Party that a service provider of the other Party post a bond or other form of financial security as a condition of providing a service into its territory does not of itself make this Chapter applicable to the provision of that crossborder service. This Chapter applies to that Party's treatment of the posted bond or financial security.

Article G-13: Denial of Benefits

1. A Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such Party and to investments of such investor if investors of a nonParty own or control the enterprise and the denying Party:

(a) does not maintain diplomatic relations with the non-Party; or

(b) adopts or maintains measures with respect to the nonParty that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise or to its investments.

2. Subject to prior notification and consultation in accordance with Articles L-03 (Notification and Provision of Information) and N-06 (Consultations), a Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such Party and to investments of such investors if investors of a non-Party own or control the enterprise and the enterprise has no substantial business activities in the territory of the Party under whose law it is constituted or organized.

Article G-14: Environmental Measures

1. Nothing in this Chapter shall be construed to prevent a Party from adopting, maintaining or enforcing any measure otherwise consistent with this Chapter that it considers appropriate to ensure that investment activity in its territory is undertaken in a manner sensitive to environmental concerns.

2. The Parties recognize that it is inappropriate to encourage investment by relaxing domestic health, safety or environmental measures. Accordingly, a Party should not waive or otherwise derogate from, or offer to waive or otherwise derogate from, such measures as an encouragement for the establishment, acquisition, expansion or retention in its territory of an investment of an investor. If a Party considers that the other Party has offered such an encouragement, it may request consultations with the other Party and the two Parties shall consult with a view to avoiding any such encouragement.

Article G-15: Energy Regulatory Measures

Each Party shall seek to ensure that in the application of any energy regulatory measure, energy regulatory bodies within its territory avoid disruption of contractual relationships to the maximum extent practicable, and provide for orderly and equitable implementation appropriate to such measures.

Section II: Settlement of Disputes between a Party and an Investor of the Other Party

Article G-16: Purpose

Without prejudice to the rights and obligations of the Parties under Chapter N (Institutional Arrangements and Dispute Settlement Procedures), this Section establishes a mechanism for the settlement of investment disputes that assures both equal treatment among investors of

the Parties in accordance with the principle of international reciprocity and due process before an impartial tribunal.

Article G-17: Claim by an Investor of a Party on Its Own Behalf

1. An investor of a Party may submit to arbitration under this Section a claim that the other Party has breached an obligation under:

(a) Section I or Article J-03(2) (State Enterprises), or

(b) Article J-02(3)(a) (Monopolies and State Enterprises) where the monopoly has acted in a manner inconsistent with the Party's obligations under Section I,

and that the investor has incurred loss or damage by reason of, or arising out of, that breach.

2. An investor may not make a claim if more than three years have elapsed from the date on which the investor first acquired, or should have first acquired, knowledge of the alleged breach and knowledge that the investor has incurred loss or damage.

Article H-03: Most-Favoured-Nation Treatment

Each Party shall accord to service providers of the other Party treatment no less favourable than that it accords, in like circumstances, to service providers of any non-Party.

Article H-04: Standard of Treatment

Each Party shall accord to service providers of the other Party the better of the treatment required by Articles H-02 and H-03.

Article H-05: Local Presence

Neither Party may require a service provider of the other Party to establish or maintain a representative office or any form of enterprise, or to be resident, in its territory as a condition for the cross-border provision of a service.

(a) any existing non-conforming measure that is maintained by

(i) a Party at the national or provincial level, as set out in its Schedule to Annex I, or

(b) the cross-border provision of a transportation service covered by this Chapter is provided using equipment not registered by a Party.

Article K-02: General Obligations

Each Party shall apply its measures relating to the provisions of this Chapter in accordance with Article K-01 and, in particular, shall apply expeditiously those measures so as to avoid unduly impairing or delaying trade in goods or services or conduct of investment activities under this Agreement.

The Parties hereby establish a Committee on Anti-dumping and Countervailing Measures to:

- (a) consult with a view to defining subsidy disciplines further and eliminating the need for domestic countervailing duty measures on trade between them;
- (b) work together in multilateral fora, including the World Trade Organization, and in the context of negotiating Chile's full accession to the NAFTA and the establishment of a Free Trade Area of the Americas, with a view to improving trade remedy regimes to minimize their potential to impede trade;
- (c) consult on opportunities for working together with other like-minded countries with a view to expanding agreement on the elimination of the application of anti-dumping measures within free trade areas;
- (d) facilitate Chile's full accession to the NAFTA, and in particular Chapter Nineteen, by examining the current domestic anti-dumping and countervailing duty regimes and the operation of the Parties' legal systems, including judicial review of administrative agency decisions; and
- (e) meet annually, and on the request of either Party, to review the operation of this Chapter and other related matters including competition laws and policies.

Article M-06: Review

The Parties shall, not later than 5 years after the coming into force of this Agreement, meet to review this Chapter and to determine whether any changes should be made to its provisions.

Article M-07: Dispute Resolution

1. The dispute settlement provisions of Chapter N (Institutional Arrangements and Dispute Settlement Procedures) shall apply with respect to the avoidance or settlement of all disputes between the Parties regarding the interpretation or application of Articles M-01, M-02, M-03 or M-04 and paragraphs 7 through 9 of this Article.

2. Apart from this Chapter, no provision of this Agreement shall be construed as imposing obligations on a Party with respect to either Party's anti-dumping or countervailing duty law.

3. Except as otherwise provided in paragraph 1, all disputes between the Parties arising in respect of the application of anti-dumping measures or countervailing duty measures by either Party shall be settled in accordance with the WTO Agreement.

4. Where a dispute referred to in paragraph 3 involves, as disputing Parties, Canada and Chile exclusively, the Parties shall act in accordance with the following procedures consistent with the DSU:

(a) if a request for consultations under Article 4 of the DSU is made, the Parties shall enter into consultations within 10 days of receipt of the request and shall conclude such consultations within 30 days of such receipt, except where the matter involves perishable goods, in which case consultations shall be concluded within 20 days;

(b) a Party shall not object to the establishment of a panel that has been requested by the other Party under Article 6(1) of the DSU at the first meeting of the DSB at which the request is examined; and

(c) unless the Parties otherwise agree, the terms of reference of the panel shall be to determine whether the imposition of an anti-dumping measure or a countervailing duty measure against a good of the complaining Party by the Party complained against is in accordance with Article VI of the GATT 1994, or the Agreement on Subsidies and Countervailing Measures or the Agreement on Implementation of Article VI of the GATT 1994.

5. Unless the Parties otherwise agree, where a DSU panel issues a final report concluding that the imposition by either Canada or Chile of an anti-dumping measure or a countervailing duty measure against a good of the other Party is not in accordance with Article VI of the GATT 1994, or the Agreement on Subsidies and Countervailing Measures or the Agreement on Implementation of Article VI of the GATT 1994, the Party complained against shall direct its competent authorities to take action not inconsistent with the panel report with respect to the goods of the complaining Party, including, where appropriate, the refund, with interest, of the whole or part of the duty paid.

6. The final report of the DSU panel shall be deemed to be a final report of a panel under Article N-16.

7. The Party complained against shall not be required to take action pursuant to paragraph 5 until:

(a) the time period for notification to the DSB of a decision to appeal under Article 16(4) of the DSU has expired; or

(b) the panel report is adopted following completion of the appeal procedure under Article 17 of the DSU.

8. Following the expiration of the time period referred to in subparagraph 7(a) or the adoption of the panel report referred to in subparagraph 7(b), if the Party complained against fails to comply with the final report of a DSU panel pursuant to paragraph 4 within a reasonable period of time, and no compensation has been offered in lieu thereof and no other mutually satisfactory resolution of the matter has been reached, the complaining Party may suspend the application to the Party complained against of benefits of equivalent effect under Article N-18 until such time as the matter is resolved.

9. If a Party chooses to suspend benefits in accordance with Article N-18 as well as under the DSU, the combined effect of such suspension of benefits may not be greater than the effect of the violation.

Article N-18: Non-Implementation - Suspension of Benefits

1. If in its final report a panel has determined that a measure is inconsistent with the obligations of this Agreement or causes nullification or impairment in the sense of Annex N-04 and the Party complained against has not reached agreement with the complaining Party on a mutually satisfactory resolution pursuant to Article N-17(1) within 30 days of receiving the final report, the complaining Party may suspend the application to the Party complained against of benefits of equivalent effect until such time as they have reached agreement on a resolution of the dispute.
2. In considering what benefits to suspend pursuant to paragraph 1:

The Commission shall endeavour to agree on an appropriate response as expeditiously as possible.

2. The Party in whose territory the court or administrative body is located shall submit any agreed interpretation of the Commission to the court or administrative body in accordance with the rules of that forum.

Chapter O

Part Five: Other Provisions

(a) Part Two (Trade in Goods), to the extent that a provision of that Part applies to services;

(b) Chapter H (Cross-Border Trade in Services); and

(c) Chapter I (Telecommunications),

shall be construed to prevent the adoption or enforcement by either Party of measures necessary to secure compliance with laws or regulations that are not inconsistent with the provisions of this Agreement, including those relating to health and safety and consumer protection.

Article O-02: National Security

1. Nothing in this Agreement shall be construed:

(a) to require either Party to furnish or allow access to any information the disclosure of which it determines to be contrary to its essential security interests;

(b) to prevent either Party from taking any actions that it considers necessary for the protection of its essential security interests

(i) relating to the traffic in arms, ammunition and implements of war and to such traffic and transactions in other goods, materials, services and technology undertaken directly or indirectly for the purpose of supplying a military or other security establishment,

(g) to any new taxation measure aimed at ensuring the equitable and effective imposition or collection of taxes and that does not arbitrarily discriminate between persons, goods or services of the Parties or arbitrarily nullify or impair benefits accorded under those Articles, in the sense of Annex N-04.

The investor shall refer the issue of whether the measure is not an expropriation for a determination to the appropriate competent authorities set out in Annex O-03.6 at the time that it gives notice under Article G-20 (Notice of Intent to Submit a Claim to Arbitration). If the competent authorities do not agree to consider the issue or, having agreed to consider it, fail to agree that the measure is not an expropriation within a period of six months of such referral, the investor may submit its claim to arbitration under Article G-21 (Submission of a Claim to Arbitration).

(c) be temporary and be phased out progressively as the balance of payments situation improves;

(d) be consistent with paragraph 2(c) and with the Articles of Agreement of the IMF; and

(e) be applied on a national treatment or mostfavourednation treatment basis, whichever is better.

4. A Party may adopt or maintain a measure under this Article that gives priority to services that are essential to its economic program, provided that a Party may not impose a measure for the purpose of protecting a specific industry or sector unless the measure is consistent with paragraph 2(c) and with Article VIII(3) of the Articles of Agreement of the IMF.

5. Restrictions imposed on transfers:

Annex I

Reservations for Existing Measures and Commitments (Chapters G and H)

Annex I

Schedule of Canada

1. The Schedule of a Party sets out, pursuant to Articles G-08(1) (Investment) and H-06(1) (Cross-Border Trade in Services), the reservations taken by that Party with respect to existing measures that do not conform with obligations imposed by:

- (a) Article G-02 or H-02 (National Treatment);
- (b) Article G-03 or H-03 (Most-Favored-Nation Treatment);
- (c) Article H-05 (Local Presence);
- (d) Article G-06 (Performance Requirements); or
- (e) Article G-07 (Senior Management and Boards of Directors),

and, in certain cases, sets out commitments for immediate or future liberalization.

2. Each reservation sets out the following elements:

- (a) Sector refers to the general sector in which the reservation is taken;
- (b) Sub-Sector refers to the specific sector in which the reservation is taken;
- (c) Industry Classification refers, where applicable, to the activity covered by the reservation according to domestic industry classification codes;
- (d) Type of Reservation specifies the obligation referred to in paragraph 1 for which a reservation is taken;
- (e) Level of Government indicates the level of government maintaining the measure for which a reservation is taken;
- (f) Measures identifies the laws, regulations or other measures, as qualified, where indicated, by the Description element, for which the reservation is taken. A measure cited in the Measures element

- i. means the measure as amended, continued or renewed as of the date of entry into force of this Agreement, and
- ii. includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(g) Description sets out commitments, if any, for liberalization on the date of entry into force of this Agreement, and the remaining non-conforming aspects of the existing measures for which the reservation is taken; and

(h) Phase-Out sets out commitments, if any, for liberalization after the date of entry into force of this Agreement.

3. In the interpretation of a reservation, all elements of the reservation shall be considered. A reservation shall be interpreted in the light of the relevant provisions of the Chapters against which the reservation is taken. To the extent that:

(a) the Phase-Out element provides for the phasing out of non-conforming aspects of measures, the Phase-Out element shall prevail over all other elements;

(b) the Measures element is qualified by a liberalization commitment from the Description element, the Measures element as so qualified shall prevail over all other elements; and

(c) the Measures element is not so qualified, the Measures element shall prevail over all other elements, unless any discrepancy between the Measures element and the other elements considered in their totality is so substantial and material that it would be unreasonable to conclude that the Measures element should prevail, in which case the other elements shall prevail to the extent of that discrepancy.

4. Where a Party maintains a measure that requires that a service provider be a citizen, permanent resident or resident of its territory as a condition to the provision of a service in its territory, a reservation for that measure taken with respect to Article H-02, H-03 or H-05 shall operate as a reservation with respect to Article G-02, G-03 or G-06 to the extent of that measure.

5. The listing of a measure in this Annex is without prejudice to a future claim that Annex II may apply to the measure or some application of the measure.

6. Unless otherwise stated in the Description element, a Chilean juridical person includes an enterprise of the other Party that is constituted or organized in Chile in a form which under Chilean law is recognized as being a juridical person.

7. For purposes of this Annex:

CPC means Central Product Classification (CPC) numbers as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No. 77, Provisional Central Product Classification, 1991; and

SIC means with respect to Canada, Standard Industrial Classification (SIC) numbers as set out in Statistics Canada, Standard Industrial Classification, fourth edition, 1980.

Investment Canada Regulations, SOR/85611

As qualified by paragraphs 8 through 12 of the Description element
Description: Investment

1. Under the Investment Canada Act, the following acquisitions of Canadian businesses by "non-Canadians" are subject to review by the Director of Investments:

- a. all direct acquisitions of Canadian businesses with assets of C\$5 million or more;
- b. all indirect acquisitions of Canadian businesses with assets of C\$50 million or more; and
- c. indirect acquisitions of Canadian businesses with assets between C\$5 million and C\$50 million that represent more than 50 percent of the value of the assets of all the entities the control of which is being acquired, directly or indirectly, in the transaction in question.

2. A "non-Canadian" is an individual, government or agency thereof or an entity that is not "Canadian". "Canadian" means a Canadian citizen or permanent resident, government in Canada or agency thereof or Canadian-controlled entity as provided for in the Investment Canada Act.

3. In addition, specific acquisitions or new businesses in designated types of business activities relating to Canada's cultural heritage or national identity, which are normally notifiable, may be reviewed if the Governor in Council authorizes a review in the public interest.

4. An investment subject to review under the Investment Canada Act may not be implemented unless the Minister responsible for the Investment Canada Act advises the applicant that the investment is likely to be of net benefit to Canada. Such a determination is made in accordance with six factors described in the Act, summarized as follows:

- a. the effect of the investment on the level and nature of economic activity in Canada, including the effect on employment, on the utilization of parts, components and services produced in Canada, and on exports from Canada;
- b. the degree and significance of participation by Canadians in the investment;
- c. the effect of the investment on productivity, industrial efficiency, technological development and product innovation in Canada;
- d. the effect of the investment on competition within any industry or industries in Canada;
- e. the compatibility of the investment with national industrial, economic and cultural policies, taking into consideration industrial, economic and cultural policy objectives enunciated by the government or legislature of any province likely to be significantly affected by the investment; and

- f. the contribution of the investment to Canada's ability to compete in world markets.

5. In making a net benefit determination, the Minister, through the Director of Investments, may review plans under which the applicant demonstrates the net benefit to Canada of the proposed acquisition. An applicant may also submit undertakings to the Minister in connection with any proposed acquisition which is the subject of review. In the event of noncompliance with an

undertaking by an applicant, the Minister may seek a court order directing compliance or any other remedy authorized under the Act.

6. Non-Canadians who establish or acquire Canadian businesses, other than those described above, must notify the Director of Investments.

7. The Director of Investments will review an "acquisition of control", as defined in the Investment Canada Act, of a Canadian business by an investor of Chile if the value of the gross assets of the Canadian business is not less than the applicable threshold.

8. The review threshold applicable to investors of Chile, calculated as set out in the Phase-Out element, is higher than those described in paragraph 1. However, this higher review threshold does not apply in the following sectors: uranium production and ownership of uranium producing properties; financial services; transportation services; and cultural businesses.

9. Notwithstanding the definition of "investor of a Party" in Article G-39, only investors who are nationals, or entities controlled by nationals as provided for in the Investment Canada Act, of Chile may benefit from the higher review threshold.

10. An indirect "acquisition of control" of a Canadian business by an investor of Chile is not reviewable.

11. Notwithstanding Article G-06(1), Canada may impose requirements, or enforce any commitment or undertaking, in connection with the establishment, acquisition, expansion, conduct or operation of an investment of an investor of Chile or of a non-Party for the transfer of technology, production process or other proprietary knowledge to a national or enterprise, affiliated to the transferor, in Canada, in connection with the review of an acquisition of an investment under the Investment Canada Act.

12. Except for requirements, commitments or undertakings relating to technology transfer as set out in paragraph 11, Article G-06(1) shall apply to requirements, commitments or undertakings imposed or enforced under the Investment Canada Act. Article G-06(1) shall not be construed to apply to any requirement, commitment or undertaking imposed or enforced in connection with a review under the Investment Canada Act, to locate production, carry out research and development, employ or train workers, or to construct or expand particular facilities, in Canada.

Phase-Out: For investors of Chile, the applicable threshold for the review of a direct acquisition of control of a Canadian business will be \$168 million dollars for the year 1996 and for each year thereafter the amount determined by the Minister in January of that year arrived at by using the following formula:

Annual Adjustment =

Current Nominal GDP
at Market Prices

----- x amount determined for
Previous Year Nominal GDP previous year

at Market Prices

"Current Nominal GDP at Market Prices" means the average of the Nominal Gross Domestic Products at Market Prices for the most recent four consecutive quarters.

"Previous Year Nominal GDP at Market Prices" means the average of the Nominal Gross Domestic Product for the four consecutive quarters for the comparable period in the year preceding the year used in calculating the "Current Nominal GDP at Market Prices".

The amounts determined in this manner will be rounded to the nearest million dollars.

Cross-Border Services and Investment

1. Under the Canada Oil and Gas Operations Act, the approval of the Minister of Energy, Mines and Resources of a "benefits plan" is required to receive authorization to proceed with any oil and gas development project.

2. A "benefits plan" is a plan for the employment of Canadians and for providing Canadian manufacturers, consultants, contractors and service companies with a full and fair opportunity to participate on a competitive basis in the supply of goods and services used in any proposed work or activity referred to in the benefits plan.

The Act permits the Minister to impose an additional requirement on the applicant, as part of the benefits plan, to ensure that disadvantaged individuals or groups have access to training and employment opportunities or can participate in the supply of goods and services used in any proposed work referred to in the benefits plan.

3. The Canada - Nova Scotia Offshore Petroleum Resources Accord Implementation Act and the Canada - Newfoundland Atlantic Accord Implementation Act have the same requirement for a benefits plan but also require that the benefits plan ensure that:

- a. prior to carrying out any work or activity in the offshore area, the corporation or other body submitting the plan establish in the applicable province an office where appropriate levels of decision-making are to take place;
- b. expenditures be made for research and development to be carried out in the province, and for education and training to be provided in the province; and

first consideration be given to goods produced or services provided from within the province, where those goods or services are competitive in terms of fair market price, quality and delivery.

4. The Boards administering the benefits plan under these Acts may also require that the plan include provisions to ensure that disadvantaged individuals or groups, or corporations owned or cooperatives operated by them, participate in the supply of goods and services used in any proposed work or activity referred to in the plan.

5. In addition, Canada may impose any requirement or enforce any commitment or undertaking for the transfer of technology, a production process or other proprietary knowledge to a person of Canada in connection with the approval of development projects under the applicable Acts.

6. Provisions similar to those set out above will be included in laws or regulations to implement the Yukon Oil and Gas Accord and Northwest Territories Oil and Gas Accord which for purposes of this reservation shall be deemed, once concluded, to be existing measures.

Only "Canadians" may provide the following commercial air transportation services:

- a. "domestic services" (air services between points, or from and to the same point, in the territory of Canada, or between a point in the territory of Canada and a point not in the territory of another country);
- b. "scheduled international services" (scheduled air services between a point in the territory of Canada and a point in the territory of another country) where those services have been reserved to Canadian carriers under existing or future bilateral agreements; and
- c. "nonscheduled international services" (non-scheduled air services between a point in the territory of Canada and a point in the territory of another country) where those services have been reserved to Canadian carriers under the Canada Transportation Act.

"Canadian" is defined in the Canada Transportation Act to mean a Canadian citizen or permanent resident, a government in Canada or agent thereof or any other person or entity that is controlled in fact by, and of which at least 75 per cent of the voting interests are owned and controlled by, persons otherwise meeting these requirements.

Regulations made under the Aeronautics Act also require that a Canadian air carrier operate Canadian-registered aircraft. To be qualified to register aircraft in Canada, a carrier must be a Canadian citizen or permanent resident, or a corporation incorporated and having its principal place of business in Canada, its chief executive officer and not fewer than two-thirds of its directors as Canadian citizens or permanent residents and not less than 75 percent of its voting interest owned and controlled by persons otherwise meeting these requirements. In addition, all commercial air services in Canada require a Canadian operating certificate to ensure their safety and security. An operating certificate for the provision of services restricted to Canadian carriers is issued only to qualified persons.

A corporation incorporated in Canada but that does not meet the Canadian ownership and control requirements may only register a private aircraft when the corporation is the sole owner of the aircraft. The regulations also have the effect of limiting "nonCanadian" corporations operating foreign-registered private aircraft within Canada to the carriage of their own employees.

A juridical person must be constituted with principal domicile and real and effective seat in Chile with its president, manager and majority of the directors or administrators being Chilean natural persons. In addition, more than 50 per cent of its equity capital must be held by Chilean natural or juridical persons. For these purposes, a juridical person with ownership participation in another juridical person that owns a vessel has to comply with all the aforementioned requisites.

A joint ownership (comunidad) may register a vessel if the majority of the joint owners are Chileans with domicile and residency in Chile, the administrators must be Chileans and the majority of the rights of the joint ownership must belong to a Chilean natural or juridical person. For these purposes, a juridical person with ownership participation in a joint ownership (comunidad) that owns a vessel has to comply with all the aforementioned requisites.

Special vessels owned by foreign natural or juridical persons domiciled in Chile may under certain conditions be registered in the country. For these purposes a special vessel does not include a fishing vessel. The conditions required are the following: domicile in Chile, principal head office in the country or undertaking a profession or commercial activity in a permanent way in Chile. The maritime authority may, for reasons of national security, impose certain special restrictions on the operation of these vessels.

The maritime authority may concede a better treatment based on the principle of reciprocity.

Cabotage is reserved to Chilean vessels. The maritime authority may concede a better treatment based on the principle of reciprocity with respect to the transportation of passengers

and cargo on seas, rivers and lakes between points on the national territory and between such points and naval artifacts installed in territorial waters or in the Exclusive Economic Zone.

Foreign vessels shall be required to use pilotage, anchoring and harbor pilotage services when the maritime authorities so require it. In tugging activities or other maneuvers performed in Chilean ports, only tugboats flying the Chilean flag shall be used.

Captains shall be required to be Chilean nationals and to be acknowledged as such by the pertinent authorities. Officers on Chilean vessels shall be required to be Chilean natural persons registered in the Officers' Registry (Registro de oficiales). Ship Captains ("patrón de nave") shall be Chilean nationals. The Ship Captains ("patrón de nave") is the natural person who, pursuant to the corresponding title awarded by the Director, is empowered to exercise command on smaller vessels and on certain special larger vessels.

Only Chilean nationals, or foreigners with domicile in Chile, shall be authorized to act as fishing boat Captains ("patrones de Pesca"), machinists ("mecánicos-motoristas"), machine operators ("motoristas"), sea-faring fishermen ("marineros pescadores"), small-scale fishermen ("pescadores"), industrial or maritime trade technical employees or workers, and as industrial and general ship service crews on fishing factories or fishing boats when so requested by ship operators ("armadores") in order to initiate such work.

In order to fly the national flag, the Captain of the ship, its officers and crew shall be required to be Chilean nationals. Nevertheless, the Dirección Marítima, on the basis of a substantiated resolution (resolución fundada), shall authorize the hiring of foreign personnel, on a temporary basis if essential, with the exception of the Captain who, at all times, shall be required to be a Chilean national.

Shipping agents or representatives of ship operators, owners or Captains, whether they are natural or juridical persons, shall be required to be Chilean nationals. Agents responsible for stowing and unstowing, and mooring, i.e., the persons responsible for moving the cargo from ship to port facilities and to overland transport vehicles and vice-versa, whether fully or in part, shall also be required to comply with this provision. Furthermore, the persons responsible for unloading and transferring goods and generally using Chilean continental or insular ports, particularly with regard to fishing catches or to fishing catches processed on board shall also be required to be Chilean nationals.
